

A Winning Strategy

Help your small business get up to \$325 in partner subsidies when you purchase a Windows Small Business Server license with Software Assurance through the Open Value or Open Business Program.*

Purchase must be made between August 1, 2007, and January 31, 2008.

Masterful Move

Now is the time to make a move! Windows® Small Business Server 2003 R2 provides many of the features used by large companies in one affordable, integrated product. Keep your data more secure and protect your business information. Communicate more effectively and efficiently with your colleagues and customers. Work from virtually anywhere, from any computer with Internet access or any Windows Mobile®-based device. Advance your company above the rest with Small Business Server 2003 R2, and receive a check from Microsoft to help pay for your partner services to help install, deploy, train, or use your newly acquired Microsoft solution.

Seize the Opportunity

Act now, and you will ensure your right to receive the latest version of Small Business Server, anticipated to release in the summer of 2008. With this offer's Software Assurance component, you will not only receive the enhanced capabilities of the new version, but you'll also rest assured that your investment is secure for the long term. This Small Business Server offer makes your business a big winner.

Offer Details:

This offer for a partner subsidy is available only to organizations that purchase at least one (1) Windows Small Business Server 2003 license with Software Assurance (L&SA) through the Microsoft Open License Business, Open License Value, or Government Open License Programs ("Qualifying Organizations"). Nothing in these terms and conditions guarantees that an organization will meet the eligibility requirements for enrollment and/or renewal in the Microsoft Open License program. This offer is for partner subsidy dollars, which can be applied only to services and products purchased by Qualifying Organizations from Microsoft partners.
